

Little Drops Charity Trust

Little Drops Website

Mission / Purpose

- Little Drops Charity (LDC) Trust (Reg SC028069), founded in June 1998 in Aberdeen, is a Scottish registered trust with 0% administration costs. Gift Aid increases your contributions, directly supporting projects like Shravana.
- The charity focuses on developing self-sustaining projects so people can “help themselves”, plus raising awareness and leaving a lasting impact. Project aims are to improve **health** and **education** among marginalised communities, especially in India.

Some Current Projects & Causes

Shravana Children's Deafness Rehabilitation Centre

This is one of LDC's biggest causes and an ongoing priority. Current fundraiser (2025) aims to raise £25,000 to support children with hearing loss or deafness in Hyderabad and surrounding areas, Telangana, India.

Koodu Project

“Koodu” Social Educational and Rural Development Trust has been functioning in the Nilgiris district of Tamil Nadu since 1995. LDC supports projects focussed on education, health and hygiene, women's empowerment and eco conversation projects.

St Joseph's Social Service Centre

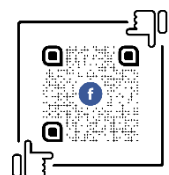

An older project dating from 1984, initiated by Sister Bakkiam and supported by Ms. Muriel Thomson. The project funds all the hostel, education and medical care needs for semi-orphaned and orphaned children in Chennai, Tamil Nadu, India.

Grace Vision Centre (GVC) Student Development Centre

GVC is a Christian organisation working for the upliftment of rural poor. The project supports children through funding tuition centres in Dharmapuri and surrounding villages, Tamil Nadu, India.

Why Little Drops Charity Trust Makes a Difference

- **Zero administration costs** — All board members volunteer their time and personally cover admin/overhead. That means **100% of donations go directly into projects**.
- **Self-sustaining, lasting impact** — Projects are designed not just to deliver short-term help but to empower communities to create their own solutions (in education, health, etc.), so that change is sustainable.
- **High transparency & accountability** — LDC has systems in place to monitor project results and ensure that funds reach those in need without being siphoned or diluted by middlemen.
- **Wide, meaningful impact across multiple areas** — helping those with hearing disabilities to hear, learn, and thrive), celebrating education and culture, helping rural children with resources & community engagement, supporting orphaned children living with HIV, tackling stigma, nutritional needs, and education access.
